TOWN WARRANT**STATE OF NEW HAMPSHIRE**

The Polls will be open from 10:00am to 7:00pm to act upon Article 1. To the inhabitants of the Town of Lyndeborough in the County of Hillsborough in said State, qualified to vote in the Town affairs: You are hereby notified to meet at Citizens' Hall in said Lyndeborough on Tuesday, the ninth day of March next at 10:00 of the clock in the forenoon to act upon the following subjects:

ARTICLE 1: To choose all necessary Town Officers for the year ensuing.

The Balance of the Warrant to be taken up and voted upon on Saturday, March 13, 1993 at 10:00 in the morning at the Wilton-Lyndeborough Cooperative Junior Senior High School, Wilton, N.H.

ARTICLE 2: To hear reports of all Town Officers, Agents, and Committees, and take any action relative thereto.

ARTICLE 3: To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow sums of money in anticipation of taxes.

ARTICLE 4: To see if the Town will vote to authorize the Selectmen to apply for, accept, and expend without further action by the Town Meeting, money from any source which becomes available during the fiscal year.

ARTICLE 5: To see if the Town will vote to authorize the Trustees of the J. A. Tarbell Library to apply for, accept, and expend without further action by the Town Meeting, money from any source which becomes available during the fiscal year.

ARTICLE 6: To see if the Town will vote to authorize the Selectmen to convey property acquired by the Town by Tax Collector's deed, by public auction or advertised sealed bid, or in such other manner determined by the Selectmen as Justice may require.

ARTICLE 7: To see if the Town will vote to rescind the unissued debt authorized by the 1989 Town Meeting relative to the Highway Department garage.

ARTICLE 8: To see if the Town will vote to authorize the Selectmen to convey to Joseph Luongo Lot #12-6 for back taxes plus interest, or take any action relative thereto. (By request).

ARTICLE 9: To see if the Town will vote to appropriate the sum of one hundred eighty-five thousand dollars (\$185,000) for a vehicle for the Fire Department, and to raise such sum by serial notes or bonds at such rates and terms deemed by the Selectmen to be most favorable to the Town; or take any action relative thereto. (Ballot vote required).

ARTICLE 10: To see if the Town will vote to accept the Budget of \$565,102.00 (excluding articles 11 - 21) as prepared by the Budget Committee or make any alterations thereto, so as to raise such sums of money to defray Town charges for the ensuing year and make appropriation of the same.

ARTICLE 11: To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be added to the Highway Vehicle Capital Reserve Fund previously established; or take any action relative thereto. 3

ARTICLE 12: To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) to be added to the Police Department Vehicle Capital Reserve Fund previously established; or take any action relative thereto.

ARTICLE 13: To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) to be added to the Ambulance Vehicle Capital Reserve Fund previously established; or take any action relative thereto.

ARTICLE 14: To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to be added to the Landfill Closing Capital Reserve Fund previously established; or take any action relative thereto.

ARTICLE 15: To see if the Town will vote to authorize the Selectmen to appoint a committee to assign numbers to all properties in Town, or take any action relative thereto.

ARTICLE 16: To see if the Town will vote to accept as a Town Class V highway, a cul-de-sac road off New Road to be known as Mel's Circle, or take any action relative thereto.

ARTICLE 17: To see if the Town will vote to raise and appropriate the sum of three thousand three hundred seventy five dollars (\$3,375) as Lyndeborough's share of a Director for the Wilton-Lyndeborough Volunteer Ambulance and Rescue Association to be employed as of July 1, 1993, or take any action relative thereto.

ARTICLE 18: To see if the Town will vote to raise and appropriate the sum of twenty-four thousand dollars (\$24,000) for repairs to Citizens' Hall, or take any action relative thereto.

ARTICLE 19: To see what sum of money the Town will vote to raise and appropriate to reconstruct Pinnacle Road from the southeast corner of Lot #9-10 to the Greenfield Town Line.

ARTICLE 20: To see if the Town will vote to close, subject to gates and bars, that portion of Pinnacle Road from the southeast corner of Lot #9-10 to the Greenfield Town Line as provided in RSA 238:2.

ARTICLE 21: To see if the Town will vote to appropriate the sum of forty-five thousand dollars (\$45,000) for a truck equipped with plow and sander for the Highway Department, and to raise such sum by withdrawal from the Capital Reserve Fund established for this purpose; or take any action relative thereto.

ARTICLE 22: To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred ninety-three. (A true copy of Warrant Attest)

SELECTMEN'S REPORT

The year 1992 had more than its share of problems. The subject of excavation and the definition of what is "incidental to agriculture" have proven to be divisive issues in the Town, resulting in an extraordinary expenditure for legal expenses. This Board fervently hopes that the issue will be settled in an amicable manner and that further litigation will be unnecessary.

During the process of developing plans for improved office space in Citizens' Hall, substantial structural defects were detected. Several plans to correct the problems have been proposed by a structural engineer and will be discussed at Town Meeting. A modest sum is in the Budget to begin the work.

In January, it was discovered that carbon monoxide gas was leaking into the town offices from both of the furnaces in Citizens' Hall. These units were about thirty years old, and it was impractical to repair them. A single, smaller furnace was installed, and we expect that once the Hall is insulated, this unit will be fully adequate to heat the entire building.

For the past two or three years, the Fire Department has requested replacement of its primary fire-fighting truck, now more than twenty years old. Extensive repairs have been made on the vehicle each year to keep it operating, but it is no longer reliable or safe. The Department has done a great deal of research on the subject and is recommending a fire truck for \$185,000 that it believes is the unit most appropriate for Lyndeborough. The Selectmen support the purchase of this truck.

The Capital Improvement Plan has scheduled the much-needed replacement of an aging Highway Department truck this year. We heartily endorse the appropriation to the Capital Reserve Fund for this purpose as well as the Warrant Article for its purchase. Because the Police cruiser recently received a new engine, we agree that the purchase of a new cruiser can be deferred for one year.

The Budget contains capital reserve appropriations for other purposes as well. We support them all. It is with this kind of planning, promoted by Budget Committee chairman Burton Reynolds and the Capital Improvement Committee, that Lyndeborough will be able to make its capital purchases without dramatic impact on the tax rate. We applaud these forward-looking people that have made this town so financially responsible and stable.

Two Articles are in the Warrant regarding Pinnacle Road. The mile or so of this road before the Greenfield line has been relatively unmaintained for many years because there are no residents on this section and the bridge in Greenfield has collapsed. As a Class V road, the Town has the obligation to maintain it, including providing access to anyone who may choose to build in the area. The roadbed has deteriorated to the point that it is no longer safe to plow it in the winter. To return it to acceptable year-round condition, extensive work must be done. The Road Agent has estimated the total cost of upgrading to the Greenfield line to be nearly \$100,000. Although the upgrade need not be completed in a single year, we ask that the voters make a

financial committment if this is the course we are to pursue. 5
The Town's alternative is to reclassify this portion of the road
as Class VI. It will continue to be a public highway but the
Town will no longer have the obligation to maintain it. Future
residents on lots along the road would have the option of
arranging with the Selectmen to use the road as a driveway, while
more intensive development would, under present regulations,
require the developer to finance road improvements. The
Selectmen believe that failing to enact one of the Articles will
leave the Town open to potentially expensive liabilities.

Lyndeborough is especially fortunate to have a number of
talented and dedicated people serving as Town officials, as
employees, and as members of the various boards. We hope each of
you will find an opportunity to offer them a "thank you" as we do
now in this report. These are the people that give so much to
make Lyndeborough the kind of place we are proud to call home.

Robert H. Rogers

ANNUAL REPORT

The Selectmen and Budget Committee have heard more comments than usual this past year about the tax burden in Lyndeborough. Figures comparing tax rates among towns are compiled by the State annually. Due to the concerns you have expressed, they are included, along with some notes of explanation, in this year's Town Report. While we do not claim our rate of 21.17 is low, it does compare well with other towns our size, with other towns in our surrounding area, and is very close to the state average of 20.63.

All of us were disappointed with the increase in the tax rate for 1992. The major reason for the rise was that our share of the Co-op budget increased because we have more students there now than formerly. Our share is determined 100% by student population as measured by the previous year's average daily attendance. The Co-op School Board will be placing an article on the warrant suggesting a revision to the current formula allowing three years of student population data to be used to try and avoid the type of sharp one year increases we just experienced.

Looking to 1993, while the total rate depends partly on what happens at the Co-op and with the county, the effect from town and elementary school budgets should be slight. As proposed, there will only be a small increase in the tax rate due to the school, assuming a reasonable salary settlement, and none based on the town portion. We feel very good about this because many of our neighbors are only proposing flat operating budgets when warrant articles are excluded. Our level budget is based on approval of all the money warrant articles that we are recommending.

Though we are funding ever increasing costs for both the town and the elementary school, they are not resulting in a sharply higher tax rate because we are: (1) managing very closely the timing of changes to the various capital and operating budgets and (2) using the capital reserve funds approach rather than bonding for almost all our big ticket items thus saving thousands in interest expense. In addition, more effort is being expended to maximize our few revenue sources. Specifically, during 1992, steps were taken to improve the yield tax results; our thanks to Patty Robbins and Dave Buxton for their excellent work. On the expense side, Selectmen instituted additional controls to be sure our spending patterns throughout the year match our income flow. This reduces our borrowing and thus interest expense. These new initiatives, when combined with the changes in operating procedures of recent years (providing us with strong internal controls) are meant to stretch taxpayer dollars to the maximum of effectiveness.

This year's major budget issues were all town related. The school budget, excluding salaries, had only minor changes. Their greatest need is storage space and a cost effective solution is being sought. On the town side, our big ticket item is the fire truck. Zeke has put a lot of time into this project developing thorough specs and considering a number of proposals. The result

16 should be a truck of good value and we support moving ahead at this time. While some funds are in the budget for upgrading Citizens' Hall, we need to share certain considerations with you for guidance before we proceed. A second full-time officer and a second vehicle for the police department were not supported, but approval for more hours by the part-timers was. Lastly, along with the Wilton Budget Committee, we approved a full-time director for the ambulance service. This was based on the strong recommendation of a three town study group. In the long run, a mainly volunteer operation is the most cost effective. In order for it to work, it requires a person for weekday/daytime coverage who also possesses the management skills to guide the service.

My thanks to all the Budget Committee members for their time. The committee's thanks to all the department heads and the Capital Improvement Plan group for their efforts and cooperation.

Respectfully Submitted,
Burton Reynolds, Chairman

TAX RATE RANKING

1. The lower the rank, the lower the tax burden.
2. Lyndeborough's rank is 149 out of 253 communities.
3. Given our limited tax base and the services we provide, we have an enviable tax burden. You will note that what you are paying in property tax is less than what most others in similar size towns and others in our area are paying.

A. Towns close to our equalized valuation of 74M

Alexandria	77M	153	Alstead	74M	204	Bradford	73M	231

C. See accompanying table which illustrates how our tax rate compares with other area towns once all the various valuations have been equalized. The lower the rate, the lighter the tax burden.

* Towns with real low rankings should be ignored. This town, for instance, has a lot of federal forest land on which the town receives income from the Federal Government thus reducing the local tax burden.

Burton Reynolds, Chairman

1. Total Equalized Valuation: What the value of all town property would be if computed at 100% valuation.

2. Ratio: Base on detailed surveys undertaken by the State, they feel property in a given town is, on average, at this percent of market value (the value used by the town to figure your tax liability is around 58% of its true market value).

3. Full Value Tax Rate: If all towns were appraised at 100% of value, this is what the tax rate would be. This rate allows you to compare your tax liability with that of other towns.

LYNDEBOROUGH FIRE DEPARTMENT

25

ANNUAL REPORT

1992 saw the Lyndeborough Fire Department respond to 32 calls: 11 Mutual Aid, 6 Chimney, 3 Alarm, 3 Rescue, 1 Structure, 8 Miscellaneous.

The reported structure fire at the Carl Wetherbee residence was the result of an electrical problem in the kitchen ceiling. Fortunately damage was minimal. A brush fire at the Steinbrueck residence this spring had all of us very concerned. As the fire was spreading it came dangerously close to the barn. Quick actions by those first on the scene prevented a much more serious fire.

Training continues to be a dominant activity. In addition to regular department training, several individuals are enrolled or have completed courses outside the Department. Assistant Chief Tim McEntee has completed the State's Career Level training, firefighter Jim Whitmore is enrolled in the State's Firefighter I course and firefighter Tom McEntee became the area's first Paramedic.

Improvements to the station are continuing. Much more was done to upgrade our water system and the last of the insulated overhead doors were installed. Plans for '93 are to reshingle the roof and insulate to eliminate leaks and ice dam problems. Please note that much of the work has been done by the members and that funds for these projects are within our operating budget.

A considerable amount of time was spent addressing the needed replacement of the department's primary truck. Although we came close at Town Meeting we were not able to obtain the necessary number of votes. We do thank those who supported this attempt. We believe the truck we are proposing again this year most closely fits the needs of the Town both today and long term. Quite simply, for your fire protection and that of your neighbors and all Town residents we ask that you find a way to support this purchase at Town Meeting.

A special thanks to all who have supported this department in 1992.

Respectfully Submitted,
Zeke Harkleroad, Fire Chief

FOREST FIRE WARDEN

ANNUAL REPORT

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The N.H. Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done." Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit before kindling an open fire.

The N.H. Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

State Forest Fire Statistics 1992: 289 fires, 136 acres burned.

Robert Stewart, Forest Ranger

MILFORD AREA COMMUNICATIONS CENTER

1992 was a year of many changes for the Communication Center. As in 1991, 1992 ended with the Center budget in the black. Upgrades and enhancements to the radio equipment have been made and are ongoing to improve communication capabilities to the towns served. A Computer Aided Dispatch System was installed allowing better tracking of Police/Fire/Ambulance personnel. The system also allows for compiling of statistics. A new Digitizer was installed, replacing the old Gamewell System for reporting of Box Alarms.

The staff at MACC Base looks forward to providing another year of service to the departments and citizens of the area communities.

Respectfully Submitted,
Michael E. Putnam, Sr.
Director of Communications

HIGHWAY DEPARTMENT

27

ROAD AGENT'S REPORT

The year 1992 was again a very progressive year with the reconstruction and repaving of the Wilton Road. This work, as well as the paving and ditching of Cram Hill Road and New Road, were significant improvements in our continuing road improvements.

The town's gravel roads are also in need of much attention, but with the current gravel budget it's very difficult to adequately cover our roads with the necessary gravel needed. This matter should be addressed in the immediate future.

I'd like to extend the Highway Department's appreciation to the townspeople for their support of the purchase of the new grader. It is a much needed improvement from the old grader.

Once again, the Highway Department would like to thank the citizens of Lyndeborough for their continued support and encouragement. As always, the Highway Department will continue to give our all.

Respectfully Submitted,
Tony Rocca, Road Agent

HIGHWAY BLOCK GRANT

THE STATE OF NEW HAMPSHIRE DEPARTMENT OF TRANSPORTATION

Following is a notice showing the amounts of State Highway Block Grant Aid that may be available to your Town in 1993. The January and April payments are set amounts and should not change. The April payment is adjusted to reflect the actual State gas tax revenues and motor vehicles fees collected in Fiscal Year 1992. The July and October payments are based on estimated revenues and could possibly change. Chapter 235, of the Revised Statutes Annotated, as amended, provides block grant aid payments for the maintenance, construction and reconstruction of Class IV and V highways.

State Highway Block Grant Aid available to Lyndeborough during calendar year 1993 is estimated as follows:

January	\$ 9,058.69
April	13,246.48
July	15,063.62
October	<u>15,063.62</u>
Total	52,432.41

Respectfully Submitted,
James A. Moore, Administrator
Bureau of Municipal Highways

INDEPENDENT AUDITOR'S REPORT

We have audited the accompanying general purpose financial statements of the Town of Lyndeborough, New Hampshire, as of December 31, 1991 and for the year then ended, as listed in the table of contents. These general purpose financial statements are the responsibility of Town Officials. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Town officials, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group which should be included to conform with generally accepted accounting principles. The amount that should be included in the General Fixed Asset Account Group is not known.

As described in Note 1, the Town has recognized tax revenues in its General and Property Tax Agency Funds which were not received in cash within sixty days of year end as is required by generally accepted accounting principles (GASB Interpretation 3). Town officials believe, and we concur, that the application of this accounting principle, which would result in a decrease in the undesignated General Fund balance by an amount which is indeterminable due to the timing of this engagement, would give a misleading impression of the Town's ability to meet its current and future obligations.

In our opinion, except for the omission of the financial statements described in the third paragraph, the general purpose financial statements referred to above present fairly in all material respects the financial position of the Town of Lyndeborough, New Hampshire as of December 31, 1991 and the results of operations and the cash flows of its non-expendable trust fund types for the year then ended, in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Lyndeborough, New Hampshire. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

POLICE DEPARTMENT

The Lyndeborough Police Department for the year 1992 saw another increase in requests for service. During 1992 the Department handled a total of 1009 calls of a variety in nature. A total of 681 vehicle contacts were made, which consist of all warnings, defective equipment tags, and summons. A total of 1290 building checks were completed consisting of both public buildings as well as residential requests.

Thanks to community involvement and the conscientious work of our officers we have seen an increase in arrests for reported crimes and a decrease in motor vehicle violations as we attempt to educate the public in motor vehicle safety. We believe the visibility of our officers in taking a more pro-active approach to motor vehicle activity has been responsible for a decrease in motor vehicle complaints.

The town of Lyndeborough is fortunate to have such a dedicated group of officers on the department. I would like to thank all of the officers who serve on the department for the extra effort they place on any task assigned. Other departments within the town have been quick to assist us at the scene of various incidents of which we are very grateful.

In addition to patrol and investigatory time many hours of training has been completed by all members of the department. As Law Enforcement continues to change with the times rest assured that we the members of your police department will attempt to keep up with the pace.

We are continuing to play an active role in crime prevention in our community through the educational process in your children's schools as well as civic organizations. We will continue to attempt to honor your requests for educational programs as we believe crime prevention is a positive step toward a safer community. If at any time you have a suggestion, idea or feel uncomfortable about a situation, please give us a call.

In closing, it has been a pleasure to serve with the towns administration and the citizens of Lyndeborough, and on behalf of myself and my fellow officers we look forward to serving you in the upcoming year.

EMERGENCY MANAGEMENT

During 1992 it was the duty of the Emergency Management director to finalize the first draft of a comprehensive Emergency Management plan. This plan encompasses both natural and man-made disasters, and how our community should react in response to such an incident. This plan was formulated through the cooperative efforts of all town departments that would be required to participate in the mitigation of a disaster.

This plan brings together resources that may be needed during 31
an emergency situation. These situations include both natural,
such as a major storm or flood; or man-made such as a release of a
hazardous material. This plan has been formulated to provide
optimum protection to the persons and property of the town.
Copies will be made available at the town office as well as both
libraries. This planning process is an ongoing function of which
we welcome your review and comments.

NASHUA REGIONAL PLANNING COMMISSION

The needs of our region and its municipal jurisdictions were clearly reflected in NRPC's two highest priorities for 1992: the establishment of the regional Center for Economic Development and the completion of the Nashua Area Transportation Study (NATS) update.

On the former, in tandem with the City of Nashua, local business leaders, the area Chamber of Commerce and our member communities, we committed our time and energy toward the dual objectives of organizing a public/private economic partnership to benefit the entire region and creating a service and information center to assist existing as well as emerging businesses. On the latter, after almost two years of exhaustive data collection and analysis plus the calibration of a sophisticated traffic model, we have completed a comprehensive long range transportation plan for the region. Recognizing the critical need to improve our highway network while we continue to pursue alternative modes, the NATS update will serve as the blueprint for investment in this critical aspect of our economic infrastructure.

Particularly noteworthy for Lyndeborough in 1992, NRPC became eligible for additional transportation planning funds and we were able to expand our transportation planning services to the rural communities in our region.

Our staff also assisted the Planning Board in the annual update to the Lyndeborough Capital Improvement Program.

A summary of our other key accomplishments for 1992:

Data Services - With the arrival of the 1990 Census information, and in our role as a Regional Data Center for the U.S. Bureau of the Census, we equipped NRPC to more quickly respond to the information needs of Lyndeborough residents through the organization and distribution of a wide variety of data. Also, an important tool created this past year was the integration of all Census tract and block boundaries into our geographic information system to allow for immediate geographic referencing of all Census data.

32 Souhegan River Corridor Study - Similar to our efforts on the Merrimack River of a few years ago, staff began a detailed analysis of land use, zoning, natural resources and public access along the Souhegan River. An advisory committee of local interests has been established, and digital corridor base mapping has been completed.

Major Transportation Projects - We continued to work with local, state and federal officials to spur the implementation of this region's most significant highway projects including the Everett Turnpike widening, the Circumferential Highway and the Route 101A Bypass. NRPC also contributed to the preparation of the environmental impact statements for both the Circumferential and 101A, and we encouraged and coordinated public participation for the projects.

Planning Board Training - In addition to our annual workshop series - in 1992 we held a very popular session entitled "Common Ground: Coexistence of the Planning Board and the Zoning Board of Adjustment" - this past year we produced our first educational video, "Site Plan Review: The Basics", with multiple copies available for circulation.

Regional Historic Resources - Recognizing the wealth of historic buildings and sites found in our communities as well as the threat to their preservation, we completed an historic resources assessment of the region and produced a report that also includes local histories and a description of local architectural styles.

Geographic Information System - To enhance our capacity for computer based mapping and information management, we continued to invest in our G.I.S. through the creation of additional data layers -- including road networks, surface water, traffic zones, land use, zoning, Census boundaries and aquifer resources. In addition, staff produced a new digital base map of Lyndeborough.

Traffic Count Program - With counters at over 100 locations, we maintained a regional traffic count system to provide the most accurate and current data to meet local, state and regional needs; and we published our annual summary report that is distributed to our member communities.

Flood Plain Management - In conjunction with the NH Office of Emergency Management, we provided assistance to Lyndeborough and a number of other communities participating in the National Flood Insurance Program including assessments of flood prone areas, reviews of current regulations and suggested revisions to existing ordinances.

Let me close by putting in a pitch for regionalism...Just as important as the services that we provide, a significant part of NRPC's mission is getting people to appreciate that we all could be better off, if only a little bit, with more intermunicipal cooperation and more thoughtful coordinated planning. I am pleased with the progress we have made in 1992.

J. A. TARBELL LIBRARY

LIBRARIAN AND TRUSTEE REPORT

1992 saw major improvements to the library parking lot. The size of the lot was enlarged with a culvert put in the back for proper drainage. Fill and crushed gravel were added, resulting in ample parking and eliminating the danger of backing onto the highway.

The circulation for 1992 remained close to that of 1991. A total of 4977 items circulated for an average of over 96 per week. This included juvenile books, adult fiction, non-fiction, magazines and paperbacks. 573 items were acquired through interlibrary loans, and 9 were loaned from Lyndeborough to other libraries.

In addition to books, there are audio and video cassettes available for borrowing. The library belongs to the Hillstown Coop and, as a member, has access to a number of audio and video cassettes. There are approximately 25 videos at the library at any given time. The categories, which change each month, include classic comedy, drama, international travel, foreign films, mystery, theater, science and nature, etc. There is also a collection of audio cassettes, both abridged and unabridged. This collection changes every 2 months.

1992 acquisitions totaled 186 books, of which 82 were juvenile. An additional 93 adult and 50 juvenile used books were donated to the library by patrons and other libraries.

Cooperation between the town and school libraries continued. The librarian spent hundreds of hours at the school while faithful volunteers kept the town library staffed. Help is always needed for clerical chores and to assist when the librarian is at the school. Contact the librarian if you think you can help.

The library relies heavily on gifts and donations to provide services and materials beyond what the town budget can afford. One major benefactor is the Lyndeborough Improvement Society which for many years has paid the library's electric bills. Gift money received in 1992 allowed the library to purchase an oak bookcase for the children's room, a three year service contract for the computer and numerous books. Those wishing to contribute should mail their tax deductible checks to the trustees at the library or speak to the librarian about specific library needs.

As always, the library building is available for organization meetings outside library hours. You may contact the librarian at 654-6790.

THE MEETING HOUSE COMMITTEE

In July the Selectmen appointed a five member committee whose responsibilities are to make recommendations for improvements and to oversee any repairs or upkeep on the Town Hall in Lyndeborough Center. Since it is hoped the townspeople will use the hall for club meetings and social events we were named the Meeting House Committee.

Our first requirement was to see that the work necessary to meet the fire codes was completed. The most obvious result is the ramp with its flood lights on the side of the hall. Inside doors were hung, fire extinguishers and new exit lights installed. About the time of our first meeting the Performing Arts Club asked permission to use the hall. They with grants and volunteer help installed lights, cleaned the stage and the area behind giving us a stage capable of use by any performing group.

The New Zion Church received permission to use the hall this winter by agreeing to pay the fuel bill. A phone for local calls only was installed and is being paid for by the Performing Arts Club.

The kitchen outfitted by the Lyndeborough Improvement Society has proved successful. Cabinet doors are all that is needed to give it a professional look. We requested and received estimates for reshingling the north roof. This is urgently needed to avoid damage from leaks. The outside needs painting and estimates of cost have been received and handed over to the Selectmen along with the reshingling estimates.

We take this opportunity to express our appreciation to Greg and Verna Porter for all the grounds improvements they have made. Also we wish to thank the O'Connells for their volunteer work in seeing that the flag has been raised and lowered every good day since the flagpole was rededicated in 1991.

VOLUNTEER AMBULANCE AND RESCUE

WILTON LYNDEBOROUGH 1992 ACTIVITIES REPORT

The squad remains committed to service to the towns, having made 231 runs in 1992. As with all of the surrounding towns, the service has experienced difficulty in manning the ambulance during daylight hours, making for a considerable use of mutual aid from other communities. This is a two way street, and the ambulance has been active in giving aid to other towns as well.

Part of this difficulty has to do with the depressed economy, part to the fact that most people work out of town, and part to the changes in lifestyles and the lesser emphasis on voluntarism. It has reached the point that most of the surrounding towns have gone to one or more full time paid attendants during the day.

The upshot of this is that we are asking the two towns to fund a full time attendant for days, who will also be squad chief and administrator. The balance of the crew will be volunteer, as will be crews for nights and weekends. It is hoped that this will be helpful, and avoid relying so much on mutual aid. We will still have the mutual aid arrangements in place for times when the ambulance is on a run, or down for repairs, but we hope that this will ease the situation. The surrounding towns have been very cooperative, but have served notice that they cannot forever continue to underwrite Wilton and Lyndeborough with their paid staffs.

Run breakdowns are as follows:

Runs to Wilton	168
Runs to Lyndeborough	50
Runs to other towns	<u>13</u>

Total runs by W-L ambulance 231

In addition, 33 calls were handled by Milford
in Wilton and Lyndeborough.

As we always report for the benefit of new residents, the Association is an independent, non profit organization partly funded by the two towns, partly by fees to patients, and by donations. It is administered by a volunteer board of directors who represent the town authorities, the crews, and the general public. Volunteers serve without pay except for a nominal expense allowance for part of their clothing and other expenses, and are all either EMT's, Advanced Red Cross first aid technicians, or paramedics. All have state licenses, and are required to take continuing training as well as regularly serve duty shifts. Presently there are about 25 squad members.

It is not easy, but there is a great deal of satisfaction in serving. New volunteers are continually needed, and training is provided. Any interested citizens over 18 are welcome, and the town offices will put you in touch with the necessary people.

LYNDEBOROUGH PLANNING BOARD

37

ANNUAL REPORT

The Planning Board met 12 times during 1992 and heard 13 subdivision requests, four of them not yet completed. A total of four new lots have been created with another five new lots planned. Three three-lot line adjustments were approved. In addition, the board granted an application for exception from permit to remove gravel for Wesley Williams on Maiers Road. A similar request from Kathryn Eldridge was continued to January and approved.

January: The board adopted changes in gravel excavation regulations to conform with state regulations. A request from Michael Kwiatowski to remove trees on Cram Road, a scenic road, was denied. He was advised to "work something out with selectmen."

February: A lot line adjustment between the town (Citizens' Hall lot) and Guy Reynolds was approved in order to improve the parking area at the hall.

June: A lot line was approved for Gibbons Brothers and Paul Gibbons on Cram Road in preparation for a subdivision.

July: A two-lot subdivision was approved for Bruce and Sharon Harless on Center Road.

August: A two-lot subdivision requested by Theodore and Irene Rocca of Center Road was approved. A two-lot subdivision presented by Michael and Marie Tule of Center Road was approved.

October: A lot line adjustment requested by George and Yvette Frost of Curtis Brook Road was approved. A non-conforming lot was enlarged.

November: A two-lot subdivision of Curtis Brook Road presented by Frank Brookshire was approved. Wesley Williams' request for an agricultural exemption to remove gravel was approved.

December: Kathryn Eldridge presented a request for an agricultural exception to remove gravel from Old Temple Road.

ZONING BOARD OF ADJUSTMENT

ANNUAL REPORT

During 1992, the Board of Adjustment heard the following cases.

Kathryn Eldridge: A request for a special exception to haul gravel was denied on January 17, and a motion to rehear the case was granted on February 14. The request was withdrawn on April

38 10. An appeal from administrative decision, filed by Attorney Silas Little in the case, was withdrawn on June 4.

Robert Milliard: Filed a complaint in October against a hot dog stand on Route 31, which was dismissed without finding.

The following received special exceptions for accessory apartments: Arthur Auer, Peter and Mary Gage, Larry and Lorraine Crosby and Ronald Racicot.

George and Yvette Frost were granted a variance from frontage requirements for a lot line adjustment. Allan C. Morrison requested a special exception for a summer camp, but the board said it was not needed as it was a permitted use.

CONSERVATION COMMISSION

The Conservation Commission had a variety of projects to occupy our efforts and we are looking forward to many more for 1993. One significant item was the support of the nomination of the Piscataquog River for protection under the New Hampshire Rivers Management and Protection Program. Although there is only a small stretch of the South Branch of the Piscataquog flowing through Lyndeborough, we felt it was an important project and that we should offer our support. Information on the Piscataquog River Watershed, and the protection offered through the Rivers Management and Protection Program, is available to anyone interested through the Conservation Commission.

There were two wetlands violations reported to the board during the year. At one site the work was stopped awaiting an application, and at the second site the New Hampshire Wetlands Board has requested reconstruction of the damaged wetlands.

Work has begun on a Natural Resources Inventory for Lyndeborough. This will identify important naturally occurring resources such as groundwater resources, farmlands, significant wildlife habitats, and other related items. This will have many uses including land use planning, for planning land protection programs, and for reviewing development proposals.

The Commission sponsored a youth to attend the 4H Conservation Camp in Berlin, and will continue this effort again this year.

Other items to note are the increased usage of the boat landing on Putnam Pond which may require some maintenance in the coming year, and some of the Elm trees planted in 1989 are doing well enough that they may be able to be transplanted this year.

WILTON-LYNDEBOROUGH YOUTH CENTER

The Youth Center continued the coordination of recreational programs and social activities for the young people of Wilton and Lyndeborough. The summer program at Goss Park was enjoyed by approximately 800 people. Red Cross swim lessons from beginners to advanced swimmers as well as preschool classes and the more advanced basic water safety, emergency water safety, lifeguarding certification and CPR classes were taken by 281 enrollees. An adult swim fitness class and tennis lessons were also offered. The junior and senior swim teams had 48 members this season. WJAA baseball and softball games were held at the ballfield and the Youth Center co-sponsored the Biddy basketball league. Outings and special events were held at the park by the Ambulance Association, Cub Scouts, Boy Scouts and WJAA league.

An after-the-game dance kicked off teen events on February 14. Following were a Games N Swim night on August 10, an "Under The Stars" dance on August 24, and a joint venture with WLC's Night Life group on October 24. Our annual Snoball Dance will be held on January 2. Community events started with the "Community Talent Show" on March 21 which showcased many talented community members. On April 11 we sponsored a "Baseball Card Show" at WLC, and the Roberts Brothers Circus held two performances to very enthusiastic audiences on August 7. Step aerobics classes are held during the school year at Florence Rideout Elementary School on Tuesday and Thursday evenings.

The Youth Center sincerely appreciates the support of local business and community leaders. Thanks to Mr. Charles McGettigan and the Wilton Town Crew for installing a new culvert at the park. The volunteers of the Youth Center are to be commended for their ongoing efforts. As this year closes the Youth Center wants to express special appreciation to Goss Park's Director Janet Johnson for her continued enthusiasm and dedication to the program.

MONADNOCK FAMILY SERVICES

It is our goal to maintain quality services to residents of our catchment area, and to provide for the identified counseling needs of the community.

Monadnock Family Services provides a full range of treatment for individuals who need counseling or who are experiencing a mental disorder. There are no restrictions based on diagnosis or age, and we continue to offer services to clients with little to no income. The Peterborough District Office is open five days and three nights a week. The Jaffrey District Office is now open four days and two evenings each week.

Based in our Keene Office, we provide 24 hour Emergency Services 7 days a week, 365 days a year. As a part of that coverage, Mobile Crisis staff also provide services to the Monadnock Community Hospital emergency room, and to patients admitted to the medical units upon a physician's request. This year our Mobile Emergency Services served 611 individuals.

Through our Keene office, we offer services to clients who meet Department of Mental Health guidelines, that are partially supported by states funds. In addition to Mobile Emergency Services these include: Psychiatric Assessment and Medication Treatment, Client Service Management, Residential and Vocational Services, Continuous Treatment Team, and the New Beginnings Clubhouse.

Last year the Monadnock Family Services served over 1906 individuals. Of those 655 were under the age of 19 and 156 were over the age of 59. This figure is reflective of open cases and does not contain those individuals who may have been seen as adjunct members of treatment (i.e., family members, school personnel, legal or other sources of referral).

This past fiscal year, Monadnock Family Services provided to Lyndeborough residents 275 hours of direct treatment to, 2 residents under the age of 18 and 10 residents 19 and older.

Primary referral sources were self and friend referred, physicians, social service agencies, schools, and the legal system.

MFS Adult Care Center was open over 900 hours in 1992, with an average daily attendance of approximately 15 clients. We provided over 13,500 hours of service to elderly residents and their families. Many of the clients in the program have Alzheimer's Disease or related illnesses due to aging.

The dollar amount requested from Lyndeborough to help us continue offering these services, is arrived at by multiplying the 1990 Census Bureau population figure by \$1.00. This per capita amount represents no increase for last three years. The amount we are requesting is \$1,294.

RECYCLING CENTER

We at the Recycling Center would like to thank all the dedicated recyclers who have helped in keeping the concept of an alternative to traditional waste management alive.

1992 has shown an increase in participation from the communities included in the Wilton Recycling Center. We have seen more recyclables arriving here and have been able to recycle a variety of new products. Citizen awareness and care for our environment has helped in removing still more items from an ever increasing trash stream.

This years household hazardous waste day went smoothly, much to the credit of Greenville policy committee member Joan MacPhee. We would like to thank her and all the volunteers for making it the success it was.

The Wilton Recycling Center is one of, if not the oldest, recycling centers in New England, and as it enters its maturity, we hope to continue to be in the forefront of recycling. Over the years, the information that has been gathered here has helped in the development of new technologies and processes in the waste management field throughout the country. We are still looked upon as a model center and our expertise has helped in the creation of new recycling centers in New Hampshire. Keep up the good work.

Respectfully Submitted,
A. Carl Wetherbee, Supervisor

Ralph Dwire, Lyndeborough School Board then requested permission for Richard V. Lates, Superintendent of Schools; Francine Fullam, Assistant Superintendent of Schools; Gail Hiltz, Principal of Lyndeborough School; and Lee Ann Packer, Special Education Director to speak as need be on Lyndeborough School Affairs. This was seconded by Linda Anderson and passed on a voice vote.

Article 6 To hear reports of Agents, Committees, or Officers chosen, and to pass any vote relating thereto. This was moved by Linda Anderson and seconded by Ralph Dwire. Voted in the affirmative.

Article 7 To see if the School District shall accept the provisions of RSA 198:20-b providing that any school district at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the school board to apply for, accept and expend, without further action by the School District, money from a state, federal or other government unit or a private source which becomes available during the fiscal year. This was moved by Ralph Dwire and seconded by N. Jennifer Howe. A brief period of discussion then followed. Voted in the affirmative.

Article 8 To See if the District will vote to raise and appropriate the sum of SIX HUNDRED FORTY FOUR THOUSAND FOUR HUNDRED AND TWENTY NINE DOLLARS (\$644,429.00) for the support of schools, for Salaries of School District Officers and Agents and the for the payment of statutory obligations of the District. This was moved by N. Jennifer Howe and seconded by Ralph Dwire. A discussion then followed concerning the budget, and its increases. Linda Anderson indicated that there will be a committee formed to study lowering the costs of health insurance. A question was raised and discussion followed concerning the need for a Guidance Counselor and state mandated services. After a brief discussion Mr. Stevenson made a motion to amend the article by \$6,000. less than the presented budget figure. A voice vote was taken and this did not pass. After further discussion, a vote on the main motion was taken and passed in the affirmative.

Article 9 To Transact any business that may legally come before this meeting.

Mrs. Howe requested that the teachers' salaries be printed in the town report. This will be taken into consideration next year.

Mrs. Joslin asked that Student-Teacher ratio be published and also how it relates to other area towns. This will be taken into consideration.

Linda Anderson presented a plaque to Ralph Dwire. The School Board and Audience gave a standing ovation to Ralph Dwire for his three years of service and dedication to the Lyndeborough School.

A motion was made by Linda Anderson and seconded by N. Jennifer Howe that the meeting adjourn at 3:40 p.m.

**LYNDEBOROUGH CENTRAL SCHOOL
ADMINISTRATORS' REPORT**

The 1992 school year began with 106 students, with individual grade enrollment as follows: Readiness - 9; first grade - 17; second grade - 14; third grade - 21; fourth grade - 19; fifth grade - 10 and sixth grade - 16.

There are several new staff members at Lyndeborough Central School: Heidi Blake replaces Erik Champy in grade four; Jennifer Keil replaces Lenora McPhee in Readiness; Jan Morrow is the new Guidance Counselor; and Shirley Winslow replaces Jo Ann Firmin as school nurse.

At its annual meeting, the school district approved an appropriation of \$644,429. Mrs. Karen Labombarde was elected to the board for a three year term succeeding Ralph Dwire. Mrs. Linda Anderson was elected Chair and Mrs. Jennifer Howe was appointed Secretary. In July, Mrs. Judith Slocomb was appointed to the board until March of 1993, to fill the vacancy created by Mrs. Labombarde's move out of state.

We had continued success with the drama club during the 1992 school year. Two productions, "Once Upon a Clothesline" and "The Ugly Duckling" were well received and well attended.

The Artist-in-Residency Program again visited the school in 1992. Mimi White, a poet, spent a week in the school, working with students. She was a wonderful poet, and the students enjoyed working with her.

The 1992 year also saw the formal organization of a Parent-Teachers Association. The Association meets monthly during the school year, and has sponsored several activities for students.

A major emphasis during the 1991/92 school year was on curriculum development. Student outcomes and curriculum goals were developed through the cooperative efforts of all teachers in the Wilton and Lyndeborough Elementary Schools. Meetings were held throughout the year and culminated with a team of teachers writing an outcome-based curriculum during the summer for all grades and subjects. The staff will be continuing the curriculum project during the 1992/93 school year, focusing their attention on the development of assessment tools to measure student mastery of the curriculum outcomes.

Teacher training continues to be an important goal each year. In September, staff members began a year-long training program on "Teacher Expectations and Student Achievement" (T.E.S.A). A communication workshop series was also offered, seeking to improve the school climate and foster collaborative relationships among students, staff and community.

The Lyndeborough Central School continues to be responsive to internal and external proposals for change and improvement of program and facilities. This response is not fad-driven but predicated upon available resources, creative thinking and the significant efforts of all members of the school community. We wish to thank the citizens of Lyndeborough and the School Board for their assistance and their support.

MINUTES OF THE WILTON-LYNDEBOROUGH COOPERATIVE
DISTRICT MEETING

March 6, 1992

Opening of the Meeting: The annual meeting of the Wilton-Lyndeborough Cooperative School was held at the Wilton-Lyndeborough Cooperative School on Friday, March 6, 1992 at 7:30 p.m. Moderator Vincent Alsfield presided and read the warrant stating said warrant had been posted on February 19, 1992 by Clerk Maria Brown. Mr. Alsfield mentioned to the attendees that there may be some question on the Articles of Agreement. Mr. Richard Lates, Superintendent, provided a hand-out of the agreement for clarification but it is not an item on the agenda. If desired, a committee as a whole could be set up to discuss the matter by a motion. There were no responses and Mr. Alsfield proceeded with the meeting.

Mr. Harold Melcher moved and Mr. Earl Watts seconded, that permission be given to the following to speak as need be on district affairs:

Mr. Richard V. Lates, Superintendent of Schools
Ms. Francine Fullam, Assistant Superintendent of Schools
Mr. Ernest Belanger, Principal, WLC
Mrs. Lee Ann Packer, Special Education Director

The motion carried.

Article 5: Mr. James Preftakes moved and Mr. Melcher seconded the following: That the reports of Agents, Committees, or Officers chosen be accepted as printed in the annual school district report.

Mr. Alsfield made a correction on Page S56. The figure of \$26,750 on line 512 should be on line 513.

Mr. Alsfield then reread the motion: That the reports of Agents, Committees, or Officers chosen be accepted as printed in the annual school district report, with that one correction on Page S56.

Motion carried.

Article 6: Mr. Melcher moved and Mr. Barry Greene seconded the following: That the District vote, according to RSA 198:20-b, to authorize the School Board indefinitely, or until the specific authority is rescinded, to apply for, accept and expend, without further action by the School District, money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year.

Mrs. Hoover asked how the public would be informed of any federal funds received and expended. Mr. Lates explained they are addressed at School Board meetings and put in the annual report. Mr. Lates also added that this had been an annual article on the warrant but most recent legislation allows the District to pass this motion just one time.

Motion carried.

Page Two
WLC District Meeting
March 6, 1992

Article 7: Mr. Greene moved and both Mr. Melcher and Mr. Nields seconded the following: That the District vote to raise and appropriate the sum of TWO MILLION ONE HUNDRED TWENTY-ONE THOUSAND SIX HUNDRED AND THREE DOLLARS (\$2,121,603.00) for the support of the schools, for the salaries of School District Officers and agents and for the payment of statutory obligations of the District.

A standing vote took place: YES 50 - NO 79. Motion did not carry.

At this point Mr. Alsfield made the reminder that one must be a registered voter in order to participate in the voting.

Mr. Stuart Draper then moved to use the same figure accepted last year, which was ONE MILLION NINE HUNDRED SEVENTY-THREE THOUSAND SIX HUNDRED FIFTY SEVEN DOLLARS (\$1,973,657.00). This was seconded by Mrs. Hoover.

Mr. Richard Rockwood asked on what basis does Mr. Draper want the figure to be the same as last year. Mr. Draper stated that he felt it was a good starting point.

Mr. Watts then moved to amend the amount to TWO MILLION TWENTY SEVEN THOUSAND SEVEN HUNDRED FIFTY SEVEN DOLLARS (\$2,027,757.00). This new figure is the same as last year's budget amount plus the Special Education increase of \$54,100. This was seconded by Ms. Margaret Hallyburton. (the \$54,100 came from line items 1290 and 2553 - tuition and transportation respectively)

Mr. Draper asked how much of the \$54,100 mandated by New Hampshire would we get back. Mr. Lates said that there is a one-year time period from the time money is expended to the time it gets reimbursed. Mr. William Stevenson asked about an amendment to the constitution that said the state had to reimburse those items it mandated. Ms. Fullam explained these were not considered new mandates.

Mr. Jim Button asked what the impact would be on the school's curriculum and programs if the proposed lower budget figure were passed. Mr. Melcher stated that cutting the budget means cutting essential items. Mr. Nields also expressed his concern at cutting the funding.

There was lengthy discussion as to the new proposed amount.

Mr. Greene moved to review the budget line by line to see where cuts could be made. There were several seconds. After some discussion, Mr. Greene withdrew his motion.

Mr. Charlie McGettigan moved the question of Mr. Watts' amendment. There were several seconds.

Page Three
WLC District Meeting
March 6, 1992

A standing vote took place to move the question of Mr. Watts' figure of \$2,027,757.00. Totals were YES 84 - NO 58. Motion carries. Then a voice vote took place to substitute Mr. Watt's number for Mr. Draper's. Motion carried.

There was a break from 8:33 - 8:45 p.m.

Mr. Greene took the stand to ask voters for suggestions as to where cuts could be made. He explained where they could NOT be made - Books \$3458, Software \$1395, and Special Education salary \$9636. Therefore, the new figure would be a total of \$2,042,246.00.

Mr. Preftakes briefly touched on the subject of the estimated tax rate and said that there would be only a 27 cent decrease if the reduced budget is passed.

Mr. Alsfield reviewed some projections of ADM (average daily membership). These figures will be made available at town meetings.

Mr. Alsfield pointed out the stewardship of the Board by returning \$45,860 to the District as a 1991 Fund Balance.

The Articles of Agreement were discussed at some length.

Miss Vicky Miller asked what is required by law in Special Education. Mrs. Packer explained that if there is something in a student's Individualized Education Plan IEP, then it is required by law.

Mr. Melcher took the stand and asked voters to support WLC and make it a school of which to be proud. Seventy-seven percent of the students go on to college, WLC has a stable faculty, and well-educated students are essential to ensure our future.

Ms. Chris McEntee asked about the health insurance premiums and many shared in her concern that the teachers received 100% coverage by Blue Cross/Blue Shield on their "JW" plan (the top of the line). Perhaps the teachers could pay for some of it. Mr. Greene explained the contract and how the teachers have recently agreed to a committee to review options in their health care coverage.

There was a break from 9:40 - 9:46 p.m.

Once again, the teachers' contract was discussed. It is a seven-year old contract which is renegotiated every year. It is not a multi-year contract.

Page Four
WLC District Meeting
March 6, 1992

Ms. Kyra Brennan asked what the public could do tonight about the health insurance issue and Mr. Alsfeld said some guidance can be given to the Board. The contract cannot be renegotiated until October 1992.

A new figure was then proposed by Mr. Draper and he moved to amend his previous amount and that the new amount be TWO MILLION THIRTY ONE THOUSAND TWENTY-SEVEN DOLLARS (\$2,031,027.00). This new figure represents the original proposed amount of (\$2,121,603.00) less half of the Blue Cross/Blue Shield, Dental, and Life Insurance (\$90,576.00). This was seconded by Mr. Steve Blanchard. The rest of the budget would remain the same.

Mr. David Miller moved to amend the amount to be the original figure of \$2,121,603.00. This was seconded by Mr. Melcher and several other people. The question was moved. By voice, motion does not carry.

The question of Mr. Draper's motion was moved by Mr. McGettigan, and there were several seconds. Motion carries.

Mr. Infanti asked if the new figure is passed does the Board have to cut the insurance. Mr. Greene said the Board can cut wherever they feel they can - not necessarily the insurance.

Mr. Watts withdrew his motion for a figure.

There was a paper ballot substituting Mr. Draper's number for Mr. Greene's: YES 93 - NO 80. Motion carries.

A public participant questioned Special Education and whether or not their budget is ever truly examined. Mrs. Packer assured her that the budget is scrutinized and in some instances the District has even gone to court.

Question was moved by Mr. Mason, several seconds.

The main motion was then put on the floor by Mr. Alsfeld in a voice ballot: That the District vote to raise and appropriate the sum of TWO MILLION THIRTY ONE THOUSAND TWENTY SEVEN DOLLARS (\$2,031,027.00) for the support of the schools, for the salaries of School District Officers and agents and for the payment of statutory obligations of the District.

By voice vote, motion carried.

Any Other Business: Mr. Rockwood encouraged people to get involved and learn what the School Board does.

Mr. Bob Macintosh requested that next year the teachers' salary and benefits package be acted upon as a separate warrant article.

Page Five

Ms. Evelyn Harwood asked about the Articles of Agreement. Mr. Als-feld read over the Agreement, and it was requested that they be put into the Town Report as well as the table illustrating the ADM/residence. The same information will also be put in the Lyndeborough report.

The meeting adjourned at 11:00 p.m. on a motion by Mr. Bob Pollack, seconded by Mr. Macintosh.

WILTON-LYNDEBOROUGH COOPERATIVE SCHOOL DISTRICT ADMINISTRATOR'S REPORT

The 1992 school year began with 320 students with grade enrollments as follows: grade seven - 54; grade 8 - 59; grade 9 - 76; grade 10 - 53; grade 11 - 51; and grade 12 - 27.

At the annual school district meeting in March 1992, district voters approved an appropriation of \$2,031,027. Mr. Barry Greene was re-elected by the Wilton voters to a three-year term on the School Board. Mr. Harold Melcher was re-elected as Chair and Mr. James Preftakes was elected as Vice-Chair. Mrs. Maria Brown was appointed School Board Clerk; Mr. Lawrence Brown was appointed Treasurer. Ms. Katy Preftakes was elected by the student body as Student Representative to the School Board.

In response to ten goals set by the Wilton-Lyndeborough Cooperative School Board for the 1992-93 school year, the school staff, parents and students have been working to bring improvements to WLC. Change does not come quickly or easily, but change is inevitable and necessary. Next year's 7th graders will graduate in 1999 and will face the 21st Century as young adults. We, as their teachers, must restructure their curriculum and instruction based upon that reality. Our students must be actively involved in their learning, and they must be able to apply what they learn. To that end we are now taking a careful look at what and how we teach at the Coop.

Nearly all WLC teachers have been trained in TESA skills to help them be more aware of their interactions with their students. In our 1993-94 budget, we are proposing a major upgrade in our school's technology to help our students prepare for the next century. Very soon, we hope to add foreign language and computer literacy at the junior high level, and we have already introduced keyboarding and a comprehensive study skills program at the junior high level.

We are trying to be more student-centered at school, and our staff has worked very hard to develop and improve an advisor-advisee program so that we can better meet the individual learning and social needs of WLC students. Many extra-curricular activities have been recently added to our already extensive athletics program such as Odyssey of the Mind, the school store, student newspaper, photography and technology clubs and a parent-sponsored youth center called "Night Life".

We also hope to see students assume more responsibility for their own and the school's success by encouraging them to assume more student government responsibilities and to become involved in community service projects and alcohol and drug awareness activities. Wellness of Wilton, a student organization dedicated to working on drug and alcohol issues, has held at least 6 student assemblies to raise student awareness of chemical abuse.

We have an active group of parents at WLC who are busy bringing suggestions and support to the school through the Coop Connection. I would urge you to join their monthly meetings to help us become the best small high school in New Hampshire, and, to quote from the school board's second goal, "to make the pursuit of quality obvious in every aspect of school, not only in academics, but in all services and activities as well as in the physical plant and its appearance".

Goals for Wilton-Lyndeborough Cooperative

1992 - 1993

The long-range goals for WLC are:

To achieve a spirit of kindness among students, teachers and administrators. This spirit will foster mutual respect and trust;

To make the pursuit of quality obvious in every aspect of school, not only in academics, but in all services and activities, as well as in the physical plant and its appearance;

To establish an ongoing process of evaluation and goal setting.

More specific goals for 1992-93 are as follows:

1. To publish a plan for curriculum restructuring including teaching modes and assessment techniques.
2. To publish a clear plan for building and grounds improvement by a Community Advisory Committee on Facilities.
3. To make fuller, more frequent, more attractive communication to parents and community.
4. To effect staff improvement in new teaching techniques.
5. To encourage student citizenship by helping students create both meaningful self government and service projects.
6. To evaluate and show improvement in the following existing programs.
 - a. Advisor/Advisee
 - b. Career Awareness
 - c. All School Exhibitions
 - d. Food Service
7. To initiate the following new programs:
 - a. Keyboarding
 - b. Odyssey of the Mind
 - c. Study Skills Across the Curriculum
